- Built with: **HTML5, CSS3, JavaScript** [Live Demo](#)

[Budget-app](#) — A web-site that is related to NFTs topic based design and DOM manipulation.

- Built with: **Ruby on Rails** [Live Demo](#)

MICROVERSE

Mentor (Volunteer)

Remote
February 2022 – Present

- Mentoring junior web developers around 60 students, and providing technical support through code reviews.
- Proposing improvements to code organization to improve code quality and overall performance.
- Providing advice and tips on maintaining motivation to maintain longevity in the program.

EDUCATION

February 2022 – August 2022

Remote Full-stack Web Development Program, Full Time

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developing skills in remote pair-programming using GitHub, industry-standard gitflow, and daily standups to communicate and collaborate with international remote developers.
